

Michel Makumpa

GRIEF COMPANIONSHIP · FUNERAL SPEECHES

Ordained priest · Grief companion in training (BVT) · Erding and Freising districts

As an ordained priest and grief companion, I design and lead funeral ceremonies and accompany bereaved families well beyond the day of the farewell. I would be glad to support you as a reliable partner – wherever families need a speaker or longer-term companionship.

What I offer

- Funeral and memorial addresses – religious, interdenominational or secular
- Full leadership of the funeral service, including prayer, blessing and the final farewell at the graveside
- Memorial services, urn burials as well as woodland and sea burials
- Grief companionship for the bereaved beyond the ceremony – in one-to-one conversations
- Accompaniment of the dying and their families

Why working together makes sense

- As an ordained priest, I can lead the ceremony in full – even when a family has no pastor or wishes for a personal, free form.
- Every address grows out of a genuine conversation with the family and bears the mark of the person who has died.
- I accompany every person with dignity – regardless of background or belief.
- Available at short notice and reliable in coordinating with your firm.
- I accompany the family after the burial as well – easing your workload and strengthening trust in your firm.

Good to know

- Companionship available in German, French and English.
- Active in the districts of Erding and Freising – home visits possible.
- Companionship also by video call – with no regional limits.
- The first conversation with the family is free and without obligation.
